Livingstone Life!

Year 3

A warm welcome to Year 3

Welcome back! We all hope you had a wonderful summer break and it has been great to see you all back at school! We've all been busy getting to know where everything is and learning out daily routines.

PE Days

Please note your class's PE days for the new term.

Mulberry - Wednesday and Thursday

Blossom—Thursday and Forest School Friday

Reading

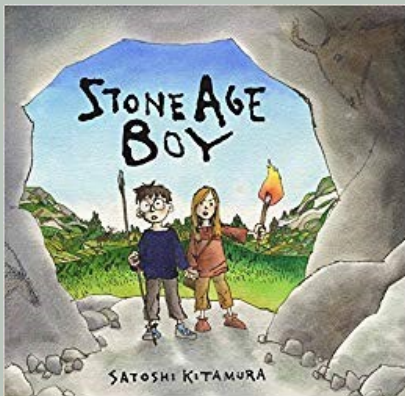

Our main story this half term is *The Wild Way Home* which focusses on Charlie, who's parents have recently had another child. Charlie is suddenly transported to somewhere familiar yet so, so different from what is normally there. Charlie then has many important decisions to make...

Home Reading

We expect children to be heard reading at home 3 times a week and weekly reading will be counted each Wednesday and our week will run Wednesday to Wednesday.

Writing

Our key text for this half term is 'The Stone Age Boy'. The story allows us to experience the life of a 'Stone Age' girl and her family. Through drama and discussion, we will immerse ourselves in the story and create some amazing writing as a result. This will also feed into our history topic this term, helping us to understand what life was like in stone age times. Yabadabadoo!

Year 3

Art

In Art this half term we are looking at the work of Kara Walker and Jackson Pollock as we explore using positive and negative space to create our own cave paintings in our own style.

History

In our humanities lessons, we will be focusing on the Stone Age where we will look at how it fits into the history that we have studied at the infant school and compare their lives to our own today.

Science

Rock on!!! This half term we are going to be working scientifically and investigating rocks and fossils. From how rocks and fossils are made to how tough they are! We will also be observing overtime to see how soil is formed through different experiments.

Maths

We've had a busy start to our maths learning this half term where we have got involved in working out the value of different digits in our place value unit and we will be going on to using numbers up to 1000.

We have handed our TTRS log ins in your child's reading record so it would be great to get your child logged on and practising as times tables are so crucial for their maths!

Homework

This will consist of spellings, times tables and topic work which will be set on Google Classroom (GC). Look out for the communication from school inviting your child to join their new GC. Children will have a week to complete their homework—ideally on GC but we're happy to look at paper copies too.

Year 3 Team

Mulberry	Mr Adams
Blossom	Miss March
TAs	Mrs Hawkins and Mrs Lambert
